

URC CARE

Undergraduate Research Center Center for Academic & Research Excellence

URC/CARE offer programs to aid students in achieving academic and research success.

Programs to get you started in research

Student Research Program

Earn research credit by enrolling in SRP (Honors 99) during the academic year or summer.

<http://college.ucla.edu/urc-care/srp.htm>

Scholarships for advanced student researchers

UC LEADS

Prestigious undergraduate fellowships that provide resources to conduct research & travel. UC LEADS offsets fees in the academic year, and provides a stipend plus room and board in the summer.

Conferences & Opportunities to present your research

USJ

Publish original research articles, review articles, and faculty interviews. Get involved in editing and layout by joining the editorial board.

www.studentgroups.ucla.edu/USJ/

BISEP

The Biomedical Science Enrichment Program (BISEP) is a 6-week summer program for freshmen. Students receive lab training, attend scientific writing workshops and participate in journal article reviews.

<http://college.ucla.edu/urc-care/ProgBISEP.htm>

Howard Hughes

The Howard Hughes Undergraduate Research Program is a two-year research program including a journal club for Biomedical Science.

<http://college.ucla.edu/urc-care/scholhoward.htm>

Science Poster Day

Present your research at UCLA's largest research symposium in May.

<http://college.ucla.edu/urc-care/confspd.html>

CARE Fellows/Scholars

The CARE Fellows & Scholars Programs provide financial support (\$500-1000 per quarter) for working 12 hours per week in a research lab. Applications available every quarter.

<http://college.ucla.edu/urc-care/CAREintro.htm>

MARC

Intended for students who plan to pursue a biomedical research career. Students participating in this 2-year program receive stipends for research and participate in a journal club.

<http://college.ucla.edu/urc-care/scholmarc.htm>

CUR

Present a poster on Capitol Hill with the Council on Undergraduate Research.

www.cur.org/postersession.html

BRIDGE

Introductory research experiences in the summer and winter for community college students.

<http://college.ucla.edu/urc-care/progbridge1.htm>

URSP

The Undergraduate Research Scholars Program provides scholarships for students conducting Honors Thesis research.

<http://college.ucla.edu/urc-care/scholURSP.htm>

SACNAS/ABRCMS

Society for Advancement of Chicanos and Native Americans in Science
The Annual Biomedical Research Conference for Minority Students

www.sacnas.org
www.abrcms.org

URFP

Apply in the fall for the \$2000 Undergraduate Research Fellows Program award in the winter and spring quarters.

<http://college.ucla.edu/urc-care/scholURFP.htm>

CityLab

Help high school students explore the world of scientific research in a molecular biology laboratory setting.

<http://college.ucla.edu/urc-care/progcitylab.htm>

Travel Grant

Need money to attend a conference? Funding is available to those who qualify.

<http://college.ucla.edu/urc-care/conftravelgrant.htm>
