Learn to teach with Urban Teachers.

Urban Teachers recruits passionate individuals who are ready to make a difference in the lives of children. You can become part of our community of transformational teachers who are raising the bar and challenging the status quo.

You have the drive.
Urban Teachers recruits talented candidates who have a passion for service and are relentless in their desire to improve outcomes for urban youth. They understand how rewarding it is to work with children and are inspired to dedicate their careers to teaching and education reform.

Urban Teachers has the know how.
We understand what great teaching looks like and what it takes to get you there. No other teacher preparation program offers the intensity of support and practice that you’ll get with Urban Teachers. This includes:

- **A 13 month residency** working in classrooms under the guidance of experienced teachers and our expert faculty.
- **Three year teacher placement** as you grow your practice, with opportunities to take on leadership roles and advance your career.
- **A master’s degree** with a dual focus in general and special education that equips you to meet the needs of all learners.
- **Three years of one-on-one coaching** as you develop a truly outstanding practice.
- **A powerful network of teachers** who will become your professional community.

We guarantee results.
Every child deserves a great teacher. Urban Teachers guarantees a great teacher—every time—by linking certification to student outcomes. Our program is designed to help you achieve better results for children.

"I wanted to challenge myself to do something that would really help change the world."
Adria J. | Cohort 2010

"Urban Teachers provided me an opportunity to grow my teaching practice alongside a more experienced teacher. This has proven to be invaluable as I now feel confident in my ability to meet the educational needs of my students."
Brandon J. | Cohort 2011

"Thanks to the residency year, I went into my first year teaching with confidence in my ability to manage a classroom, build effective relationships with students, and push every student to measurable growth."
Megan M. | Cohort 2012
