Simpson Gumpertz & Heger Inc. (SGH) is a national engineering firm that designs, investigates, and rehabilitates structures, building enclosures, and materials. Our award-winning work encompasses building, energy, civil/infrastructure, and science/defense projects in the United States, Canada, and more than thirty additional countries.

Our diverse team members include engineers, architects, scientists, and many other technical professionals. Averaging twenty years with SGH, our principals and project managers provide leadership, service quality, and team continuity to support our long-term client relationships.

We offer an excellent compensation and benefits package in a corporate culture based on learning and growth. See current job opportunities at [www.sgh.com](http://www.sgh.com).

SGH is an Equal Opportunity Employer, and we value diversity in our workforce. We are committed to providing equal opportunities to all job applicants and employees. SGH considers all qualified applicants, and we encourage individuals with disabilities and protected veterans to apply.

STUDY IN THE UK
FREE EXPERT GUIDANCE AND ADVICE

Rice University’s Master of Global Affairs is a two-year Master of Arts degree co-sponsored by Rice University’s Baker Institute for Public Policy and the School of Social Sciences. Students complete rigorous course work that compels high standards of scholarship and offers training for careers in government, the private sector and international organizations, thus producing graduates with a broad global perspective requisite of future leaders.

With most courses scheduled in the evening, the Master of Global Affairs offers students flexibility to pursue actionable learning through full-time employment, with access to the field’s leading faculty and policymakers in the classroom. Our location in the heart of Houston, Texas, provides the perfect setting for students to engage with global energy companies, Fortune 500 organizations, local and federal government entities, and international nonprofits.

Applications due March 15, 2018
