Career Outcomes 2016

Outcomes are reported according to the National Association of Colleges and Employers (NACE) guidelines.

- Includes data from the First Destination Survey, Partnership UCLA Commencement Survey, the UCLA College Senior Survey, the National Student Clearinghouse, and Optional Practical Training Reporting (representing 3,754 graduates, or 46.3% of the graduating class)

- Due to the National Student Clearinghouse data, graduates who matriculate into graduate school are somewhat “overrepresented” when compared to graduates whose career outcome is something other than graduate school

**Serving in the U.S. military and not seeking employment or graduate school at this time

Internship Engagement

60% of Bruins had at least one internship during their time at UCLA

Graduates with internship experience reported full-time employment at nearly twice the rate of those with no internship experience

The percentage of graduates who report full-time employment increases with the number of internships they completed during their time at UCLA
