How to use this chart:

Acceptance Ratios are shown by Overall Application GPA and combined score for the Medical College Admissions Test (MCAT) [latest score used in case of multiple test dates]. For example, in the 2008 application year, 15 UCLA seniors applied with a GPA of 3.90 or higher combined with an MCAT score of 35 or higher. Of those 15 applicants, 12 of them (or 80%) were accepted into at least one medical school. Source: American Association of Medical Colleges, 2008.
